When the contract for the sewer extension was let the estimated depth of the sewer was 10 feet but it appears that in some places the depth had to be as much as 19 feet thus making quite a difference in the cost of the work. The final estimate of Contractor Kennedy has not been submitted yet and when it is in it is believed that the total deficit will amount to fully \$15,000. It is helieved that the administration will have a caucus in a few days and consider the matter of paying the deficit. The transfer act was put through again last night upon the suggestion of City Auditor Alff.
